

No. 6942

More designers have asked that we provide thru-door pulls; the No. 6942 may be used on passage pocket doors. The pull is flush on three sides and accordingly low-profile. While it was initially being specified for modernist interiors, thru-door pulls have been embraced for traditional and transitional interiors too. Shown in Polished Nickel and RAL 9003, the 6942 is also available in all plated and patinated finishes. Modifiable as necessary to accommodate 2-1/4" doors or alternate style and rail configurations.

Length: 3"

Height: 3"

Door Thickness: 1-3/4"
