

N° 7821

The No 7821 full mortise edge pull is designed for single pocket doors. The No 7821 has a spring-released stirrup pull activated by the button on the face plate, while one has a locking bolt and its mate has a strike. It is configured to operate with a thumbturn-by-emergency release, and can be used with most Nanz recessed pulls on the face of the door. When ordering, specify a backset of 2-1/2" or 3", additional backsets can be made available upon request. All Nanz plated and patinated finishes are available.

Height: 6"

Width: 3/4"
