NANZ

N° 7900

The N° 7900 cabinetry cremone is miniature in size compared to our standard door cremones. Engineered for cabinet doors, the petite cremone rods connect to spring loaded catches that secure the cabinet at top and bottom. Shown with the N° 8015 knob, the style is suitable for modern as well as traditional interiors. All NANZ plated and patinated finishes are available.

HEIGHT	4-1/4"
WIDTH	1"
