

N° 7958 004

The No 7958 004 surface bolt is typically used on the passive leaf of a double door at top and bottom. The bolt, with an ogee style knob, provides a decorative element, suitable for a variety of periods and styles. It can be used in conjunction with a cremone bolt or mortise lock on the active leaf. All NANZ plated and patinated finishes are available.

Length: 8" 12" 18" 24"
