NANZ

N° 8007H

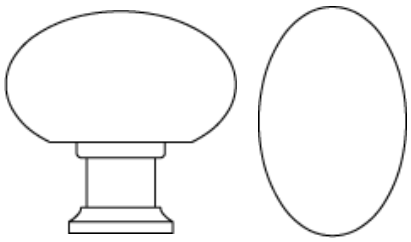

The No 8007H oval cabinet knob, a hand-hammered version of the original, reflects the International Style of Modernism during the 1920s and 1930s. The custom hand peening, an art popularized during the Arts and Crafts movement, paired with the single step detail, straight shank and simple flaring rose updates the classical and molding details of the NANZ traditional oval knob. The knob is available in two sizes and in all NANZ plated and patinated finishes.
