

N° 8019

The face of the No 8019 traditional elliptical cabinet knob rests on a circular base and a cavetto-profile shank. The optional cove rosette, available at an additional cost, accentuates the knob's purity of design. It is often specified with the companion No 1019 knob, which is manufactured in a variety of sizes for full-sized doors. The No 8019 is available in four sizes. All Nanz plated and patinated finishes are available.

Diameter: 3/4" 1" 1-1/4" 1-1/2"

Projection: 5/8" 7/8" 1" 1-1/4"
