

N° 8063

The No 8063 Georgian cabinet knob features a shallow dome surrounded by a narrow astragal set back in the surface. The well proportioned cabinet knob is appropriate for a variety of styles and periods. The No 8063 is often specified with the companion 1064 knob, which is manufactured in a variety of sizes for full-sized doors. All NANZ plated and patinated finishes are available.

Diameter: 1-1/4"
