

N° 8204P

The No 8204P cabinet knob was often used in Neoclassical Park Avenue apartment buildings of the 1920s. It is provided in four sizes. A plain astragal complements the ogee face and torus edge of the knob, which is also available with beaded or roped detailing. The shallow cove of the shank is echoed in the edge of the optional rosette, which is available at an additional cost. It is often specified with the companion No 1204 knob, which is manufactured in a variety of sizes for full-sized doors. All NANZ plated and patinated finishes are available.
