NANZ

N° 8209SH

The No 8209SH cabinet knob, a hand-hammered version of the late-19th-century original, exhibits a cool, restrained elegance, anticipating the Style Moderne in France by perhaps two decades. A large straight knurl rings the domed face of the knob. Recommended finishes include burnished nickel, polished brass, burnished brass, polished chrome, and antique silver. It is often specified with the companion No 1209H knob, which is manufactured in a variety of sizes for full-size doors. The design is available in five sizes and is shown here with an optional rosette. All NANZ plated and patinated finishes are available.

DIAMETER	PROJECTION
3/4"	3/4"
1"	7/8"
1-1/4"	1-1/4"
1-1/2"	1-1/2"
1-3/4"	1-3/4"
