

NANZ

N° 8523 350

The Montecito collection echoes the iconic elements of Spanish Colonial Revival architecture: hand-hammered surfaces, Moorish quatrefoils, and classic scrolled detailing - both graceful and textural to the hand, evoking an elegance of living. The N° 8523 cabinet pull bulges as it twists, creating an organic appearance that compliments the texture throughout this collection. The handle flares at each base as it meets the cabinet surface. Shown here in Medium Antique Brass, this handle is available in all NANZ plated and patinated finishes.
