

Nº 8906

The No 8906 pull, based on our popular Bauhaus lever, embodies the geometric ideals of the modernist school. A cylindrical handle is offset by square posts with a 90 degree return, which then transitions again to a round base. The grip can be manufactured from brass, or in a variety of wood species. The round backplates repeat the shape of the handle and base. All NANZ plated and patinated finishes are available.

Projection: 1-7/16"
Center-to-Center: 5" 7-1/2"
