

N° 9213

The N° 9213 Georgian lever is designed to operate "Lift and Slide" doors. The escutcheon incorporates a positive stop mechanism that holds the lever in a locked or operable position. The detail on the face of the shank and the edge of the escutcheon keeps it from looking too severe and makes it suitable for a variety of different styles and interiors. The Georgian handle tapers slightly and can be ordered with a plain, rope, or knurled edge detail. All NANZ plated and patinated finishes are available.

Length: 9"
Backplate: 4-1/2" x 1-1/2"
Collection: Georgian
