

NANZ®

N° 9281BK

The No 9281BK presents a contemporary interpretation of the traditional bit key with its simple circular turnpiece and straight profile. The subtleties of the keys design impress the principles of the Bauhaus School and provide an elegant solution to the common emergency release key. The key is designed for use with privacy rim and mortise locks. All Nanz plated and patinated finishes are available.

Length: 4-1/2"
