

N° 4813R G

The No 4813R G screw grommet is designed to both protect and adorn a surface where screws are used independently, such as for securing a glass pushplate or glass panels. Made for use with #10 screws, the grommet features ropled astragal molding, which is also available plain, beaded, or knurled. It is provided in all Nanz plated and patinated [finishes](#).

Diameter: 5/8"

Projection: 3/32"

Depth: 1/2"
