NANZ

No 9925

The No 9925 traditional screen door latchset consists of a round knob and escutcheon on the exterior, a tapered lever, oval thumbturn and escutcheon on the interior, and a lockable full mortise latch. Dummy trim, which locks the mortise latch, is also available as No 9926. The demilune escutcheon measures 6" long x 1-1/4" wide. Finishes available include burnished brass, antique brass, dark oxidized bronze, satin nickel and polished nickel.
