

N° 1034

A single cavetto molding rings the domed face of the No 1034 Georgian knob. A slight step separates the handle from the shank. Although Neoclassical in origin, the restrained design is suitable for contemporary as well as traditional interiors. This listing is for a Dummy Knob and includes a rose with a dummy/fixd spindle. Knobs are sold individually. If you require an alternate door function, please email [quickship@nanz.com](mailto:quickship@nanz.com)
