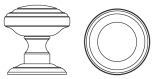
NANZ®

No 1086

The No 1086 traditional round knob is composed of a gently domed center surrounded by an ogee and ovolo, repeated on the face of the rose. Its solid-band circumference and simple lines are indicative of the American interpretation of Neoclassicism seen in the Federal style. This particularly popular handle, like many others, can be provided with an array of rose designs of varying degrees of decoration. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Recommended finishes include antique brass, pewter, polished nickel and antique gold. All Nanz finishes are available. It can be provided in 2", 2-1/4" 2-1/2", and 3" diameters, as well as in 3/4", 1", 1-1/4", and 1-1/2" diameters suitable for cabinetry.



Diameter: 2" 2-1/4" 2-1/2" 3"

Projection: 2-1/4" 2-3/8" 2-1/2" 2-7/8"
