

N° 1128

The No 1128 knob, a stylish conflation of modern minimalism and traditional ornament, recalls the drum-shaped knobs of the turn of the 20th century. A cove rings the straight sides, and the face rises in a shallow cone surmounted by a ringed boss. The profile of the rose reflects the knob. This listing is for a Dummy Knob and includes a rose with a dummy/fixed spindle. Knobs are sold individually. If you require an alternate door function, please email quickship@nanz.com
