NANZ®

No 1283

The No 1283 rectangular knob is an example of pristine minimalism. The clean, hard lines of the simple shapes are contrasted by the rounded edges and corners of the body and rosette. The handle is suitable for stylish modern interiors and can be used with cremones. It measures 3 x 1-1/4 but is available in larger sizes for doors, as well as smaller sizes for cabinetry. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob.
Recommended finishes include polished nickel, burnished brass, pewter or silver, though all Nanz plated and patinated finishes are available.

Length: 3" x 1-1/4"
Projection: 2-1/8"
