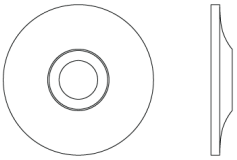
NANZ®

No 5008

The No 5008 rose, as designed, can accompany a vast selection of knobs and some levers, but can be manufactured to be used with any handle if required. From the circumference, a shallow concavity gently rises to meet the shank of the accompanying handle. The design is suitable for other periods and styles as well due to its simplicity and functional emphasis. All Nanz plated and patinated finishes are available.



Diameter: 1-3/4" 1-7/8" 2" 2-1/8" 2-1/4" 2-1/2" 2-3/4"
