No 6826

The No 6826 pull is reminiscent of the European Baroque style. The handle swells in the center and terminates with base rosettes. The pull is available for full-sized, shower, and refrigerator doors and can be used in back-to-back configurations. Smaller versions, the No 8826, is available in lengths suitable for cabinetry. The pull, shown with plain detailing, is also available beaded, roped or with straight knurling. All Nanz plated and patinated finishes are available.
