NANZ

N° 7631

The No 7631 full mortise edge pull is designed for double pocket doors. Each of the pair has a spring-released stirrup pull activated by the button on the face plate, while one has a locking bolt and its mate has a strike. It can be configured to operate cylinder-by-cylinder, cylinder-by-thumbturn, or thumbturn-by-emergency release, and can be used with most Nanz recessed pulls on the face of the door. When ordering, specify a backset of 2-1/2", 2-3/4", 3-3/4", 5", or 6". All Nanz plated and patinated finishes are available.
