NANZ

N° 8224R

The No 8224R ornate Georgian cabinet knob consists of three rope-knurled astragals separated by cavetto moldings that rise in diminishing rings and culminate in a boss in the center. A roped knurl circles the ogee profile of the optional rosette as well. It is often specified with the companion No 1224 Georgian knob, which is manufactured in a variety of sizes for full-size doors. The knob is available in five sizes and is shown here with an optional rosette. All Nanz plated and patinated finishes are available.
