

N° 8423

The bold but simple face of the No 8423 cabinet knob is centered by a plateaued boss. A sharp cove on interior circumference of the face gives rise to a slow curve terminating at the boss. A polished finish will emphasize the simplicity of the knob, while a patinated finish will highlight its molding details. All Nanz finishes are available.

Diameter: 1-3/4"

Projection: 1-1/4"
