

N° 1246

The N° 1246 knob reflects the neo-gothic aesthetic in American architecture and design during the last decades of the 19th century and the first of the 20th. The elongated quatrefoil rose has two exposed screws. Other rose options are available, as is a hammered version of the knob. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Recommended finishes include antique brass, pewter, dark oxidized bronze and burnished brass, though all Nanz finishes are available.
