## N° 20.12

The N° 20.12 Federal soap dish holder's backplate creates a sense of visual strength with its ovolo-and-step rectangular design. The off-white, oval dish incorporates three interior ridges to prevent soap from dissolving in excess water. Manufactured in solid brass, the holder is available in twelve Nanz plated and patinated finishes. A comprehensive suite of aesthetically related bath hardware is also available, including towel rings, robe hooks, and glass towel rods.
