

N° 6027RK

The 6027RK round recessed thumbturn with a roped astragal face can be used alone on a pocket door or as an auxiliary pull to operate a deadbolt. It is available for passage doors with a keyhole, as shown, or with a thumbturn. It can also be specified with a straight, beaded, or plain astragal. All Nanz plated and patinated finishes are available.

Diameter	Projection	Depth
2	$\frac{3}{16}$	$\frac{1}{2}$
3	$\frac{3}{16}$	$\frac{1}{2}$

For dimensioned drawings or to view a wide range of additional recessed pulls, see our online catalogue at www.nanz.com.
