

N° 1932 231

Designed in collaboration with Suzanne Tucker, the Tiburon collection is inspired by the concentric circles of a drop falling into water - fluid and spherical, classic proportions distilled to perfection. The N° 1932 knob features an accentuated astragal edge which flows organically to a central boss. The astragal is repeated on the face of the N° 5932 188 cove rose. Shown here in Antique Gold, this handle is available in all Nanz plated and patinated finishes. This knob can be provided for use with full mortise entry locks, privacy locks, and passage latches.
