

N° 2932 463

Designed in collaboration with Suzanne Tucker, the Tiburon collection is inspired by the concentric circles of a drop falling into water – fluid and spherical, classic proportions distilled to perfection. The N° 2932 lever pairs functional aesthetic with subtle ornamentation as the body gently flares outward and terminates with an astragal and concentric boss. The streamlined shank flares out to meet the subtle circumscription of the N° 5932 188 rose. Shown here in Antique Gold, this handle is available in all Nanz plated and patinated finishes. The lever may be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.
