

N° 21543R 513

Designed in collaboration with Suzanne Tucker, the San Simeon collection is an homage to Julia Morgan's work at San Simeon's Hearst Castle. The collection exudes the signature elements of Morgan's approach to architecture - embracing outstanding craftsmanship with a keen attention to scale, proportion and detail. The N° 21543R lever's twisted tapering handle is bounded by astragals with roped knurling and terminates with an ornamental boss. The N° 52292R rose's roped astragal complements the details of the handle. Shown here in Burnished Brass, this handle is available in all Nanz plated and patinated finishes. The lever may be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.
