

Atlantic Toilet Trip Lever  
AQ-AT-6.1.1-2017

The Atlantic trip lever is constructed of solid brass and can be installed on most toilets. Please check installation guide for compatibility. Lever can be installed as front or side mount with 30 or 90 degrees of rotation. A comprehensive suite of aesthetically related bath accessories is also available, including toilet paper holders, robe hooks, and shower door pulls. It is produced in six Nanz decorative finishes.
